WÜRTH ELEKTRONIK
MORE THAN YOU EXPECT

Letter of Reference

Mr Shashank Hegde born on 4 November 1998 has been working in our company since 16 May 2022 in the Wireless Connectivity and Sensors Software Development department as a student trainee.

Würth Elektronik eiSos GmbH & Co. KG is a manufacturer of electronic and electromechanical components for the electronics industry and a technology enabler for pioneering electronic solutions. Würth Elektronik eiSos is one of the biggest European manufacturers of passive components and operates in 50 countries. Production sites in Europe, Asia and North America supply a growing number of customers worldwide.

The product program encompasses EMC components, inductors, transformers, RF components, varistors, capacitors, resistors, quartz crystals, oscillators, power modules, Wireless Power Transfer, LEDs, sensors, connectors, power supply elements, switches, push-buttons, connection technology, fuse holders and solutions for wireless data transmission.

Würth Elektronik eiSos is part of the Würth Group, the world market leader for assembly and fastening technology. The company currently employs 8,200 staff and generated sales of 1,33 Billion Euro in 2022.

Mr Shashank Hegde worked on the following tasks during his worktime at Würth Elektronik eiSos:

- Embedded software development for IoT products
- Build prototypes IoT applications from existing and open source hardware
- Design and develop IoT solutions using several wireless communication and applications protocols
- Create and test demo application in C on various MCU platforms
- Write technical documentation and application notes

Mr Hegde impresses us with his comprehensive, wide-ranging and in-depth specialist knowledge, which he is always able to apply confidently and in a target-oriented manner in practice. His very good technical understanding forms the basis of his ability to present the most complex issues simply and comprehensibly.
He possesses exceptional creativity, which always ensures that he finds very good alternative solutions where they are needed. Due to his very good perception, he is always able to understand complex situations immediately and to find very good solutions straight away. Mr Hegde always works using his own initiative and fully identifies with his responsibilities and our company at all times. He displays a high level of dedication and motivation. Mr Hegde stands out through an extremely high willingness to learn during the entire period of the temporary employment as a student. In extremely stressful situations, he always displays exemplary resilience.

He completes his tasks completely independently, extremely carefully and according to a well thought-out plan. He works calmly, thoughtfully, in a target-oriented manner and extremely precisely at all times. He continuously impresses us both in terms of quality and quantity. Mr Hegde is always very reliable.

Already after a short period of familiarisation, he is able to find good solutions, even for difficult problems, and always achieves impeccable work results. As a special work achievement, we wish to highlight that he manages to familiarise himself with complex technical topics within a very short time, and is exceptionally quick to apply the knowledge acquired into live projects. Mr Hegde always fulfils his responsibilities to our utmost satisfaction.

He is respected by everyone for his consistently friendly and well-balanced demeanour. He is always
